MATERIAL SAFETY DATA SHEET

COMPLIES WITH OSHA'S HAZARD COMMUNICATION STANDARD (29 CFR 1910.1200)

SECTION 1 - PRODUCT IDENTIFICATION

Product Name: TROPIC ISLE (AEROSOL) **Date Prepared**:03/31/11

Manufactured For: Correlated Products Inc. **Emergency Phone:** (800) 424-9300

5616 Progress Road, Indianapolis, IN 46241 **Information Phone:** (800) 428-3266

HMIS Rating Key: 0-Minimal 1-Slight 2-Moderate 3-Serious 4-Extreme

HEALTH: 1 **FIRE:** 4 **REACTIVITY:** 0 **PHYSICAL HAZARD:** 0

SECTION II - INGREDIENTS

CHEMICAL NAME	Sara III List	OSHA PEL	TWA/TLV	Carcinogen**	%WT	CAS #
Acetone	Yes	Yes	500ppm		60-70	67-64-1
Propane	Yes	Yes	1000ppm		15-20	74-98-6
n-Butane	Yes	Yes	1000ppm		10-15	106-97-8

**** (a) NTP (b) IARC Monograph (c) OSHA (d) Not Listed (e) Animal Data Only**

SECTION III - PHYSICAL DATA

Boiling Point: (°F) 77°F (25°C) **Color and appearance:** Compressed liquefied gas, pale yellow

Pressure: 60-70 psg @70°F **Specific Gravity:** 0.6949 estimated

Flammability (HOC): 32.5488 kJ/g estimated **Solubility:** Completely

SECTION IV - FIRE AND EXPLOSION DATA

(°F) Flammable Limits LEL UEL

Flash Point: -156 °F (-104.4 °C) Propellant. **Flammable properties:** FLAMMABLE. Aerosol. CONTENTS UNDER PRESSURE. Will be easily ignited by heat, sparks or flames. Prolonged exposure may cause chronic effects. **Method Used:** Eliminate ignition sources (smoking, flares, sparks, or flames in immediate area). Stop leak if you can do so without risk. Move cylinder to safe,open area if leak is irreparable. **Extinguishing Media:** Water fog. Foam. Alcohol foam. Dry chemical. Carbon dioxide (CO_2). **Special Firefighting Procedures:** Do not breathe fumes. Full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, and face mask. Cool containers with water to prevent vapor pressure build up. For massive fire, use unmanned hose holders or monitor nozzles; if not possible, withdraw from area and let fire burn.

SECTION V - REACTIVITY DATA

Stability: Risk of ignition. Stable in normal conditions. **Conditions to Avoid:** Heat, flames and sparks. **Hazardous Decomposition Products:** May include oxides of carbon.

SECTION VI - STORAGE AND HANDLING

Handling Precautions: Pressurized container, do not puncture, incinerate, or crush, even after use. Do not use/store near an open flame, heat or other ignition source. Do not use if spray button is missing/defective. Use only with adequate ventilation. Do not get material in contact with eyes or skin. Avoid prolonged exposure. **Storage Precautions:** Level 3 Aerosol. Pressure in containers can increase with the influence of heat. Avoid exposure to sunlight. Store in area equipped with sprinklers. **KEEP OUT OF THE REACH OF CHILDREN.**

SECTION VII - HEALTH AND FIRST AID

Acute: Eyes: Eye contact eyes may cause irritation. **Skin:** Prolonged/repeated contact can result in defatting and drying of skin causing skin irritation and dermatitis (rash). **Inhalation:** Intentional misuse by concentrating and inhaling the product can be harmful or fatal. **Ingestion:** Unlikely , however, may cause gastrointestinal irritation, nausea, vomiting and diarrhea. May cause delayed lung damage. **Target organs:** Central nervous system. **Respiratory system:** Chronic effects: **Signs and symptoms:** Discomfort in chest. Defatting of the skin, irritation.

First Aid Procedures:

Skin: Immediately remove contaminated clothing. Wash with warm water and soap, seek physician if irritation develops/persists. **Eyes:** Immediately flush eyes with water, at least 15 minutes. Remove contact lenses, if easy to do. Seek physician if irritation develops/persists. **Ingestion:** Rinse mouth thoroughly with water. Do not induce vomiting without medical advice. Do not give mouth-to-mouth if victim ingested substance. Induce artificial respiration with a pocket mask equipped with one-way valve or other proper respiratory medical device. Never give anything by mouth to unconscious person. **Inhalation:** Move to fresh air, seek physician if symptoms develop/persist.

SECTION VIII - SPECIAL PROTECTION DATA

Respiratory Protection: Appropriate certified Required for concentrations above exposure limit, us appropriate certified respirators. **Ventilation:** Normal ventilation. **Protective Gloves:** Recommended. **Eye/face Protection:** recommended.

SECTION IX - SPILL OR LEAK PROTECTION

STEPS TO BE TAKE IN CASE OF SPILL OR LEAK: Contents under pressure. Do not allow to drain to sewers/water supplies. **Methods for containment:** Eliminate all ignition sources. Stop leak if can do so without risk. Move cylinder to safe open area if irreparable leak. **Methods for cleaning up: Small Spills:** Wipe up with absorbent material (e.g. cloth, fleece). Clean contaminated surface thoroughly. **WASTE DISPOSAL METHOD:** RCRA ignitable waste, D001. Dispose according to all applicable regulations. Product components have potential environmental concerns.

NOTICE: The information contained on this Material Safety Data Sheet is considered accurate as of the date of publication. It is not necessarily all inclusive nor fully adequate in every circumstance. The suggestions should not be confused with, nor followed in violation of applicable laws, regulations, rules or insurance requirements. No warranty, express or implied, of merchantability, fitness, accuracy of data, or the results to be obtained from the use thereof is made. The vendor assumes no responsibility for injury or damages resulting from the inappropriate use of this product.
