

PRODUCT INFORMATION

ELECTROKLEEN Aerosol Safety Solvent

DESCRIPTION **Electrokleen Aerosol** is specifically designed to be used to clean and degrease electrical equipment while in use. It does not affect conductivity and leaves no residue. It has a Dielectric Strength of 31 KV, a Dielectric Constant of 8.6 and a specific resistance of 5×10^9 ohms/cm.

USE **Electrokleen Aerosol** is used to clean and degrease motors, engines, power tools, typewriters, adding machines, electric fans, air conditioning equipment, printing equipment, air filters, electronic equipment and generators.

DIRECTIONS Spray surface, then wipe clean with a rag. For Electric Motors: Spray motor while running until clean. Dry with air or allow to dry while running.

WARNING Avoid prolonged breathing of vapor. Avoid contact with skin and eyes. Do not take internally.

Note: See Material Safety Data Sheet for Additional Specifications and First Aid Information.
